For emergency medical assistance phone 000

For out of hours help with general safety information, phone the Customer Service number.

Section 1 - Product Information Product Name: Surgistain Supplier Big Green Surgical Product Code: 34572 1300 244 473 Phone

Section 2 - Hazards Identification

GHS Classification Skin Corrosion Cat 1, Eye Damage Cat 1

Product Use: Medical Instrument Cleaning

Section 2.1 Label Elements

Hazard Pictograms

P261 - Avoid breathing dust/ fume/ gas/ mist/ vapors/ spray

P285 - In case of inadequate ventilation wear respiratory protection P304 + P341 - IF INHALED: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing

P501 - Dispose of contents/ container to an approved waste disposal plant

P342 + P311 - If experiencing respiratory symptoms: Call a POISON CENTER or doctor/ physician

Signal Word: Danger

Hazard Statements: H290 - May be corrosive to metals. H302 - Harmful if swallowed

Causes severe skin burns and eve damage.

Section 3 - Composition/Information on Ingredients									
CAS-No	Weight %	Classification							
7664-38-2	<20	C; R35							

4. FIRST AID MEASURES								
General Advice	Advice If symptoms persist, call a physician. Do not breathe dust/fume/gas/mist/vapors/spray. Do not get in eyes, on skin, or on clothing.							
Eye Contact	Immediately flush with plenty of water. After initial flushing, remove any contact lenses and continue flushing for at least 15 minutes. Keep eye wide open while rinsing. Immediate medical attention is required.							
Skin Contact	Wash off immediately with soap and plenty of water removing all contaminated clothes and shoes. If skin irritation persists, call a physician.							
Inhalation	Move to fresh air. Avoid direct contact with skin. Use barrier to give mouth-to-mouth resuscitation. If breathing is difficult, give oxygen. If breathing is irregular or stopped, administer artificial respiration. If symptoms persist, call a physician.							
Ingestion	Do NOT induce vomiting. Drink plenty of water. If symptoms persist, call a physician.							

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Specific Hazards Arising from the Chemical

Chemical Name Phosphoric Acid

Special exposure hazards arising from the substance or preparation itself, combustion products, resulting gases None in particular.

Explosion Data

Sensitivity to Mechanical Impact Sensitivity to Static Discharge None. Protective Equipment and Precautions for Firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures

Avoid contact with skin, eyes and clothing. Use personal protective equipment.

Environmental precautions

Prevent entry into waterways, sewers, basements or confined areas. Do not flush into surface water or sanitary sewer system.

Methods and materials for containment and cleaning up

Dam up. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers.

Reference to other sections: See Section 12 for additional

Handling Avoid contact with skin, eyes and clothing. Remove and wash contaminated clothing before re-use. Do not eat, drink or smoke when using this product. Wear personal protective equipment. Do not breathe vapors or spray mist. Use only in area provided with appropriate exhaust ventilation. Hygiene Measures When using, do not eat, drink or smoke. Provide regular cleaning of equipment, work area and clothing. Conditions for safe storage, including any incompatibilities Keep containers tightly closed in a dry, cool and well-ventilated place. Keep out of the reach of children. Keep in properly labeled containers. Specific end use(s) Exposure Scenario No information available. Other Guidelines No information available

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Exposure Limits						
Chemical Name	EU	The United Kingdom				
Phosphoric acid 7664-38-2	TWA 1 mg/m3	STFL: 2 mg/m3				

Appropriate engineering controls

Exposure controls

These measures are suggested based on typical use methods and may not be appropriate to all potential uses of the product. The user is responsible for carrying out a full risk assessment of their specific processes and systems of work. Eye protection: Wear eye protection appropriate to the process according to BS EN 166. Hand protection: Wear pvc or latex gloves. Exact choice of glove depends on specific risk assessments. Environmental protection: Prevent mixture from entering water courses. Body protection: As necessary to prevent contact. Respiratory protection: Use in a well-ventilated area, avoid breathing spray mist, wear a protective mask according to EN149, if necessary. Other protection: Personal protective equipment: Exact PPE requirements should be determined from a specific risk assessment of the processes being carried out.
